

Adding your Business email address to Login.gov profile for CDX/MyPeST Authentication and user profile connection. This allows you to map the existing roles from MyPeST to your CDX authentication session from Login.gov and is critical to a seamless login experience

- 1.) Go directly to <https://www.login.gov>
- 2.) Click 'Sign in with LOGIN.GOV' in the top right corner
- 3.) On your Profile page, click Add Email Address

English	Edit
---------	----------------------

- 4.) Perform the email verification steps
- 5.) When logging into CDX, always use the email you used for MyPeST registration (often this is a business email address)
